MESSAGE FROM THE PRESIDENT

Over the years this Yearbook will serve to refresh your memory to the time you spent as a student at the South Bend College of Commerce. It will help you to remember your fellow students and the members of the faculty.

As your future unfolds, the realization of the value of having such future built on a sound, useful education will become more and more evident. Your individual paths will lead in many different directions. The Yearbook marks the point when all whose pictures are included had a life path with a common direction.

I wish all of you a happy, prosperous, and successful career. It has been a pleasure to have known all of you.
